Professional

Senior UI/UX & Front-End Designer with 10+ years of experience creating web, mobile, SaaS, eCommerce and dashboard experiences. Skilled in design leadership, design systems, Figma, front-end implementation, and AI-assisted design workflows. Experienced in translating business requirements into intuitive, scalable digital experiences and collaborating closely with product and development teams.

Experience

● Lead UI/UX & Front-End Designer

[Oriental Outsourcing Consultants \(P\) Ltd.](#)  Nov 2020 - Now  Mohali, India

- Directed a team of 8+ designers to deliver 50+ web and mobile applications.
- Streamlined design workflows using **Figma**, reducing project turnaround by 30%.
- Collaborated with 15+ stakeholders to create **responsive dashboards and AI-enhanced designs**.
- Mentored **8 junior designers** in Graphics/Web and accessibility best practices.
- Designed 50+ website **high-fidelity UI mockups** for clients using **Figma/ Adobe XD**, ensuring alignment with brand guidelines.

● Senior UI/UX/Front-End Designer

[83ideas](#)  April 2019 - Nov 2020  Mohali, India

- Created 30+ website mockups for clients using **Adobe XD**, ensuring alignment with brand guidelines.
- Resolved **20+ design issues** in CMS platforms (WordPress, Shopify), enhancing site **performance by 30%** and reducing load time by **2-3 seconds**.
- Supervised end-to-end **CMS** projects, including template customization and graphics optimization.
- **Collaborated with developers** to bridge design-to-code workflows, **reducing revision** cycles.

● UI/UX/Front-End Designer

[Designs Visions](#)  March 2018 - April 2019  Mohali, India

- Developed 20+ responsive **website mockups** and customized CMS themes (**WordPress/Shopify**) for clients.
- Led end-to-end client projects, ensuring brand consistency and mobile-first **optimization** that increased **user engagement by 25%**.

● Senior Web & Graphics Designer

[Bytecode Technologies](#)  March 2015 - Jan 2018  Mohali, India

- **Established the company's first visual identity**, designing its original logo, brand guidelines, and flagship website—core assets later adopted by 2-3 subsidiary branches as the company scaled.
- Served as **sole designer** for all creative needs (UI/UX, marketing collateral, CMS development), enabling the startup's expansion to **3 branches** within 2 years.
- Delivered 20+ projects (CMS/Graphics) with **95% on-time completion**, aligning branding and mobile optimization
